

# Holy Mountain

## Best Friends

Lost my mind at the Holy Mountain  
We were holding tight, but we let it go Can't breathe without oxygen  
We were holding tight but we let it go Lost my mind at the Holy Mountain  
We were holding tight but we let it go At my limit, there's nothing in it,  
And it goes on and on  
We were holding tight but then we let it go
