

# Might As Well Dance

Jason Mraz

I can't stop thinking about you  
And dreaming of your smile  
I can't stop reading into ya  
Love, oh yeah, you're the best book I've read in a while  
I don't just read you for the articles  
I read you 'til my heart is full  
You keep my heart a-beatin'  
You're keeping me from sleeping  
The only one I'm cheating is me if I don't take control  
We got nothing to lose  
Might as well hold hands  
Might as well  
Yeah, we're already fools  
So we might as well dance, uh  
I put your loving arms around me once more  
And we'll go crashing into folks on the dance floor  
And you can walk all over my shoes if you want to  
We got nothing to lose  
Might as well take off our pants (and jacket)  
Yeah, we're already fools  
So we might as well dance (come on)  
Soon the song will be over  
We'll have to say goodnight  
Don't you want some closure  
Before we turn out the light?  
Honey, think of your heart  
Yeah, the heart's too heavy to slow  
Partly 'cause it's running the show  
Partly 'cause the beat is connected to the feeling  
And I've got the sweetest crush on you, baby, let's go  
We've got nothing to lose  
Might as well hold hands  
Yeah, we're already fools  
So we might as well dance  
We've got nothing prove  
Might as well take off our pants, and jacket  
Yeah, we're already fools  
So we might as well dance  
Yeah, we're already fools  
So we might as well dance
