It's Not You (it's Me)

Vast

lesson learned and its? calling my name,
all the places are beautiful,
lesson learned and its calling my name,
(chorus)
i know that sorry isnt good enough,
but its not fair to me,
oh my lover your were good enough,
its? not you its me.
theres a girl and shes calling my name,
all the faces are beautiful,
theres a girl and shes calling my name,

i know that sorry isnt good enough,
but its not fair to me
oh my lover you were good enough
its not you its me.
