Is My Baby Yours?

Sarah Blasko

Search through the days, live through the nights
I wonder what I've done wrong, to end up this way
I've tried so hard, its never enough
You cant make somebody love you
While they're still missing someoneIs my baby yours, is my baby yours?
Is my baby yours? is my baby yours?
Is my baby yours? is my baby yours?
Is my baby yours? is my baby yours?If there is a girl he keeps in his heart
A face that he cant forget
Its haunts him in the darkHow cruel, how unkind
This awakened love
When hers is the love that I have
thought to call my ownIs my baby yours, is my baby yours?
Is my baby yours? is my baby yours?
Is my baby yours? is my baby yours?
Is my baby yours? is my baby yours?
Is my baby yours?
Baby yours?But I should've known, I should've known better
Fall in love, you still loved another
Should've known, should've known better
Fall in love, you still loved another
Should've known, should've known better
Fall in love, you still loved another
Should've known, should've known better
Fall in love, you still loved another
Another, another
