

# Mystery Pill

## The Briefs

oh well i woke up this morning  
in a terrible state  
with a head full of shit  
and a heart full of hate  
i didnt have room  
'cause there was no solution  
i needed some help  
for my brains polution  
then i remembered  
my medicine chest  
i didnt know what it was  
but it was ??? in stone  
my mystery pill  
(mystery pill)  
my mystery pill  
(mystery pill)  
it was so round  
it was so red  
it was inviting  
i didnt know for sure  
i sure for like decided  
it doesnt matter  
whats the worst thing that could happen?  
it couldnt be worse  
than the world that i am trapped in  
i picked it up  
it weighed almost an ounce  
on the top was a name  
that i couldnt prenounce  
my mystery pill  
(mystery pill)  
my mystery pill  
(mystery pill)  
it was just a cheap thrill  
(mystery pill)  
with a mystery pill  
(mystery pill)  
go  
i might forget my wrong or right

i might just stay up half the night  
time and space could rearrange  
or even worse id never change  
i picked it up it weighed almost an ounce  
on the top was a name  
that i couldnt pronounce  
my mystery pill  
(mystery pill)  
ow its killin me killed  
(mystery pill)  
im with the mystery pill  
(mystery pill)  
im gona take it!
