For Once in Our Lives

Paul Carrack

Since this morning I've been thinking how
Things have changed between the two of us
We've been falling through the here and now
It's time for us to reinvest our trustCan't you see for once in our lives
Now our love has finally come to ground
This flame we have is burning so bright
Burning for ever, now we're back togetherSince this morning I've been asking why
Why we let this sweet love slip away
When we knew love, was for you and I
The reason we could face the darkest daysCan't we see for once in our lives
All the things we wanted have appeared
Now that we have love realized
Realized foreverFor once in our lives there's no turning back
No running away and no covering our tracks
For once in our lives there's no one to blame
No broken hearts 'cause we've found love again
For once, for once in our livesSince this morning I've been so relieved
There's no more pressure from within
I had this sense that you would get to see
There was no lasting love withinCan't we see for once in our lives
Love has every angel on our day
Hey, now I see there is a spy in your eyes
Everything has fallen, fallen into placeFor once in our lives there's no turning back
No running away and no covering our tracks
For once in our lives there's no one to blame
No broken hearts 'cause we've found love again
For once, for once in our livesMaybe we can't believe
How things can be so wrong
Maybe it's time that we learn
To reach out for the feeling of loveFor once in our lives there's no turning back
No running away and no covering our tracks
For once in our lives there's no one to blame
No broken hearts 'cause we've found love again
For once, for once in our livesFor once in our lives there's no turning back
No running away and no covering our tracks
For once in our lives there's no one to blame
No broken hearts 'cause we've found love again
For once, for once in our lives
For once in our lives

For once in our lives
For once in our livesThere's been no turning back
No more covering our tracks
No turning back
There's no one to blame
No we've found love again
For once, for once in our livesThere's been no turning back
No turning back
There's no more covering our tracks
There's no one to blame
