

I Got You

Vitamin C

I got you and that's all I want
I won't forget and that's a whole lot
I don't go out but now that you're in
Sometimes we shout and that's no problem
I don't know why sometimes I get frightened
You can see my eyes and tell me I'm not lying
Look at you, you're a pageant
You're everything that I've imagined
Something's wrong, I feel uneasy
You show me, tell me you're not teasing
I don't know why sometimes I get frightened
You can see my eyes and tell me I'm not lying
I don't know why sometimes I get frightened
You can see my eyes and tell me you're not mine
There's no doubt now when I'm with you
When I'm without, I stay in my room
Where do you go but get no answers
You're always out, it gets on my nerves
I don't know why sometimes I get frightened
You can see my eyes and tell me I'm not lying
I don't know why sometimes I get frightened
You can see my eyes and tell me you're not mine
I don't know why sometimes I get frightened
You can see my eyes and tell me I'm not lying
I don't know why sometimes I get frightened
You can see my eyes and tell me you're not mine
