[Intro]

(Why you just ditching?)

I'm, I'm due the studio, let me work goofy, bye man, damn

(Why is it dark?)[Hook]

Bitch, I'm in the stu

I'm working, I need to get a coupe

Need a Rarri, and a Bugatti

Need a gun with a few bodies

Need some Benjis in my pocket

Need my fuckin' rocket like I'm Yao

I need a house with ten models

I need some weed and some bottles

[Verse 1]

I need a bitch that gone come through, give me dumb throat

I kicked her out, she thought she wasn't a thot, but she's a dumb hoe

My niggas get them guns, we comin' through shootin' like Rambo

I come through with this cake and they wrestlin' like Rhino

Pull up in that red Beamer, they lookin' like I'm Domo

What I see, a bunch of hatin' niggas and a bunch fine hoes

I pull up on a skurrt skurrt skurrt like "get in my car, hoe"

She gon' go go what I do, always grindin' Tony Hawk, hoe[Hook]

Bitch, I'm in the stu

I'm working, I need to get a coupe

Need a Rarri, and a Bugatti

Need a gun with a few bodies

Need some Benjis in my pocket

Need my fuckin' rocket like I'm Yao

I need a house with ten models

I need some weed and some bottles[Verse 2]

They like who the fuck Sosa think he is, he think he Ginobli

I got five kids and five rings like Kobe
