All Sparks

Editors

You're answering questions that have not yet been asked

All sparks will burn out in the end

You burn like you're bouncing cigarettes on the road

All sparks will burn out in the end

All sparks will burn out
All sparks will burn out
All sparks will burn out in the end

You're casting opinions at people who need them

All sparks will burn out in the end

Well be careful angel, this life is just too hard

All sparks will burn out in the end

All sparks will burn out
All sparks will burn out
All sparks will burn out in the end

You burn like you're bouncing cigarettes

All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out in the end.
