Sahara

Cutting Crew

Don't let love let you down
It's been fine up to now
Sahara, I just walked into your world
Sahara, don't walk out on me nowDon't let time tie you down
It's been fine up to now
Sahara, there is life in the desert
Sahara, let the sands run awayBut in my heart and in my head
I know that she'll wait for me
Sahara brings me down
She will take up all your time
Then she'll laugh and cut you down
Do you still hold a light
Do you still hold a light for me?Don't let fires burn too low
Wild-eyed winds, they still blow
Sahara, I just walked into your world
Sahara, don't walk out on me nowBut in my heart and in my head
I know that she'll wait for me
Sahara brings me down
She will take up all your time
Then she'll laugh and cut you down
Do you still hold a light?But in my heart and in my head
I know that she'll wait for me
Sahara brings me down
She will take up all your time
Then she'll laugh and cut you down
Do you still hold a light
Do you still hold a light for me?
For me, for me
