This Is My Time (Video-Edit)

Ardian Bujupi

Was here standing on the stage in the spotlight, make my moves
Can't remember all the names after all, I'm here for you
These flashing light are light me they watch me as I raise
Some dogs they try to bite me but I just role my eyesBridge:They wanna see me, they wanna hold me,
They wanna feel me, they wanna know me.
Tell them I won't back up tell them I'm strong enough
I feel my time is come, so watch me run this furtherChorus:It's my time to shine
I've been waiting all my life
It's a dream coming true
I can sing only for you
(Lets go)Can feel this time is rime it's like a dream
I can win this fight, cause I believe in me
You now I want to get, what I deserve
And I don't give up till I know that the clubs let my music burnBridge:They wanna see me, they wanna hold me,
They wane feel me, they wanna know me.
Tell them I won't back up, tell them I'm strong enough
I feel my time is come, so watch me run this furtherChorus:It's my time to shine
I've been waiting all my life
It's a dream coming true
I can sing only for you
(Lets dance do you feel me.. can you hear me do you feel me can you hear me)
I still can't believe it, I still can't believe it that I got this far
I still can't believe it I still can't believe itChorus:It's my time to shine
I've been waiting all my life
It's a dream coming true
I can sing only for you
