

# Thunderstorm

## Iron Fire

In times of darkness  
In times of war  
The warriors will ride like never before  
In search to conquer  
The unholy light  
The sound of thunder  
Will bring us to fight  
Black horse ride for me  
Into the sky  
I will fight until  
The day that I die  
Thunderstorm  
Blows in my mind  
The magic spell that  
Makes me blind  
Thunder storm  
One of a kind  
The legend that  
Wont leave us behind  
We are fighting the dragon  
With fire and steel  
Only in blood and pain  
The beast will kneel  
In death or glory  
Immortal we stand  
So we will defend  
Our holy Land  
Black horse ride for me  
Into the sky  
I will fight until  
The day that I die  
Thunderstorm  
Blows in my mind  
The magic spell that  
Makes me blind  
Thunderstorm  
One of a kind  
The legend that  
Won't leave us behind
