

# Asmodeus

## Orthrus

He was born from the angels  
Seed of the daughter of man  
Who traveled to heaven  
To take in discussions  
To overthrow King Solomon  
Storm spirit  
You fill men's hearts with angerKing of the demons  
Rides the dragon  
Yes! He has three heads  
Provoker of rage  
The violent way  
You changed my love to madnessThe magic ring  
It was the kings  
You took it  
To the bottom of the sea  
Vanished the king  
Sent him to exileAsmodeus  
AsmodeusHe was born for the angels  
Seed of the daughter of man  
He reigned in terror  
Have no freedom  
Fiend of a waging spear  
Provoker of rage  
Violent ways  
When will this all endAsmodeus  
Take it like a man  
The king found his ring  
Lost was the power  
The demon of rage  
Was now in a cage  
Never to be freeAsmodeus
