

# Lose Myself

## Psychic Twin

I fall  
Into the ground  
Disappear  
Without a sound  
And I fall  
To get over you  
So now  
I lose myself too  
And when I go farther I lose myself  
And when I go farther I lose myself  
And when I go farther I lose myself  
To get over you  
To get over you  
I fall  
Like the beating rain  
Like water  
Is the pain  
And I fall  
To get over you  
So now  
I lose myself too  
And when I go farther I lose myself  
And when I go farther I lose myself  
And when I go farther I lose myself  
To get over you  
To get over you  
And when I go farther I lose myself  
And when I go farther I lose myself  
And when I go farther I lose myself  
To get over you  
To get over you  
And when I go farther I lose myself  
And when I go farther I lose myself  
And when I go farther I lose myself  
To get over you  
To get over you
