

# Keepin Up With The Kids

## Mindless Self Indulgence

now - what i want to know is  
why don't finish your home anymore knock me up and take my funk  
cause i'm too old to be keepin' up with all the kids  
some - some other way  
some other place i could be real important  
now - not anymore - i'm just a bore  
and you should be disappointed  
now - no other way but rush the stage and take away my fortune  
now - you should be dead and i should be dead  
and no one would be disappointed
