M.I.A.

Rydells

My new lady says she leaving me
Ah fuck her, I don't care
Plus I got another over there
She been wanting to be with me
Got her in her underwear
Gave her what she want, now she need me
I got more of that coming over soon
Lingerie all up in my room
I'm a make this toast to that one girl I love
I still smell her perfume
[Bridge:]Pour one up, no pour another
Pour one up, no pour another
Pour one up, no pour another
Numbing up
[Hook:]Since you've been away, love's been MIA
Done looking for love, cause she took away her
Now I'm MIA
Done looking for love, cause she took away her love

[Verse 2: Omarion]My new lady says she leaving me
Ah fuck her I don't care
Told me that she loved me, yeah
I just give them the scenery, they won't ever compare
To the ones still got it
I call her up but she won't answer
And she knows what I'm looking for
And she knows what I'm looking for
[Bridge][Hook][Wale:]I be a rolling stone, missus, still tryna deal with ya
Loving too much will leave you blue and I ain't pledge Sigma
I'm a real nigga, giving feelings just ain't me
The more attention you give em, the more options they seek
Talk is cheap, knew I should've kept the receipt
She said she loyal, but all bitches gonna talk in the streets
That's how I play it, how I play it, all it is is game
As I hit another paper plane I'm MIA
