## Wait for Me

## **Jamie Lidell**

Bet you think that I've been fooling around

As I'm wandering from town to town

Asking you to wait, wait for me, yeahDon't you know you can't believe all that you heard?

I know it's rough and all you have is my word

Asking you to wait, wait for me, yeahBut I've been waiting

I've been waiting

I've been waiting

Yeah, yeah, yeahI've been waiting

I've been waiting

Wanna know

If you wait for me tooI wanna know if you

Wait for me

Wait for me

Wait for meWould ya wait for me?

Wait for me

Wait for me

Wait for meWe both know I won't be standing still

But to hide the love is such a thrill

That's why I'm asking you to wait, wait for meWithout you by my side I just can't sleep

That's why I'm up all night counting sheep

Hoping and praying you'll wait for meBut I've been waiting

I've been waiting

I've been waiting

Yeah, yeah, yeahI've been waiting

I've been waiting

Wanna know

If you wait for me tooI wanna know if you

Wait for me

Wait for me

Wait for meWould ya wait for me?

Wait for me

Wait for me

Wait for me, yeahWait for me

Wait for me

Wait for me

Wait for meWait for me

Wait for me

Wait for meThere'll come a time, way down the line

When I've paid my dues

## And I can hang up my shoes but until that day You'll have to take my word that I'll be true'Cause I've been waiting

I've been waiting

I've been waiting

Yeah, yeah, yeahI've been waiting

I've been waiting

I've been waiting

Yeah, yeah, yeahI've been waiting

I've been waiting

I've been waiting

Ooh, ooh, oohI've been waiting

I've been waiting

Wanna know

If you wait for me too

I wanna know if you

Wait for me
