

# Don't Call It Love (12" Version)

## Zero 7

Blame it on the streetlights  
The fingernail moonlight  
The way that you kissed me  
How your face hid the moon  
Blame it on the twilight  
The waning of the daylight  
The way you held my hand  
How you never would let go  
But baby don't get caught up  
don't surrender to the touch  
you can say anything  
your heart's dreaming of HOOK  
But don't call it love  
Call it a longing  
call it a yearning  
Don't call it love  
Call it a sweet dream  
Shh don't say nothing  
It's like a beautiful car crash  
Where two people collide and  
Nobody gets hurt and  
No ones left behind  
And when I dive into your light  
We swim past the riptide  
And maybe this is everything  
yeah that we've been waiting for  
But baby don't get caught up  
don't surrender to the touch  
you can say anything  
your heart's dreaming of HOOK  
But don't call it love  
Call it a longing  
call it a yearning  
Don't call it love  
Call it a sweet dream  
Shh don't say nothing
