

Beautiful Noise

Daniel Baron

This is the sound of something real
Two worlds collide in one heartbeat
I've been lookin' all over
I've been lookin' all over
For you
Now I feel you getting closer
Doing things we not supposed ta
But we're human too
Your love is a beautiful noise
It's such a beautiful noise
My head's spinning round to the sound of your voice
It's such a beautiful noise
Beautiful 'Noise'
You are the song inside my head
Its playing on without no end
And you're not finished yet
I've been lookin' all over
I've been lookin' all over
For you
Now I feel you getting closer
Doing things we not supposed ta
But we're human too
Your love is a beautiful noise
It's such a beautiful noise
My head's spinning round to the sound of your voice
It's such a beautiful noise
Beautiful 'Noise'
It's so beautiful
It's such a beautiful noise
It's such a beautiful noise
