

# Bad Animals

## Heart

They walk into the lobby  
The pack in black  
Heads are turning  
But they don't look back They must be crazy  
Not buying in  
Why those outsiders  
Get to shock and offend They're bad animals, bad animals  
Got to swim upstream, got a rebel seed  
Bad animals, bad animals  
Got to push the grain or go insane Out here on the front line  
Our territory is nighttime  
We walk the jungle line  
We stay alive Bad, bad, bad boys  
And dangerous girls  
Ain't got no prescription, no  
They make their own styles Typical family  
They're trying not to stare  
Look a little closer now  
If you dare, if you dare, if you dare Bad animals, bad animals  
Got to swim upstream, got a rebel seed  
Bad animals, bad animals  
Gonna push the grain or go insane Out here on the front line  
Our territory is nighttime  
We walk the jungle line  
We stay alive Bad animals, bad animals  
Got to swim upstream, got a rebel seed  
Bad, bad, bad animals, bad animals  
Got to push the grain or go insane  
[Incomprehensible]
