Only The Moment

Marc Almond

The clock on the wall has just told you
Your hour has come
And you know those that God loves
Die youngBut remember
There is never forever
Only the moment
There is never forever
Only the momentYou're thinking too much about
Who will think badly of you
You throw away chances
Let love pass you byBut remember
There is never forever
Only the moment
There is never forever
Only the momentDon't be afraid of the dark of the night
Just reach for your feelings
Let your mood tell you
You're making the right movesThe days fade away
And before you can say
I wish I'd made all the right moves
It's too lateWith guilt on your shoulder
With fear in your heart
You're bedeviled by angels
Belittled by foolsBut remember
There is never forever
Only the moment
There is never forever
Only the momentWith guilt on your shoulder
With fear in your heart
You're bedeviled by angels
Belittled by foolsThere is never forever
Only the moment
There is never forever
Only the moment
