Real nigga shitTell all my haters this is payback  
And I ain't talkin' givin' change back  
I left the streets and then I came back  
Hundred percent, you couldn't change thatI got some bad bitches in my section  
A dozen bottles comin' my direction  
Smoke presidential like I got elected  
Young nigga ball so hard I got ejected  
I got some bad bitches in my section  
A dozen bottles comin' my direction  
Smoke presidential like I got elected  
Young nigga ball so hard I got ejectedI say all of my niggas trigger happy  
We poppin' bottles like we shootin' at you  
Since '95 I had a smokin' habit  
That soft white, we call it Roger Rabbit  
I know that whip be lookin' good in traffic  
You run up on me, I'ma let you have it  
Ain't got no girlfriend, they too dramatic  
And broke niggas causin' too much staticI got some bad bitches in my section  
A dozen bottles comin' my direction  
Smoke presidential like I got elected  
Young nigga ball so hard I got ejected  
I got some bad bitches in my section  
A dozen bottles comin' my direction  
Smoke presidential like I got elected  
Young nigga ball so hard I got ejectedI'm stressin' out cause all my bitches love me, but it's lovely  
Get that cheese, don't trust Chuck E., bitch don't touch nothin'  
Come on pussy nigga, try your luck, better be lucky  
Shut up, let the money talk, don't interrupt me  
Eat that pussy like the last supper, we pour it up  
My fruit punch got on brass knuckles, you heard me?  
And if I make it through the night I pray I wake up  
To a bad bitch with no makeup  
And I'm geekin' like an A plusI got some bad bitches in my section  
A dozen bottles comin' my direction  
Smoke presidential like I got elected  
Young nigga ball so hard I got ejected  
I got some bad bitches in my section  
A dozen bottles comin' my direction

Smoke presidential like I got elected  
Young nigga ball so hard I got ejected Won't a real nigga come on, (?)  
Run tell them bitches that I say that  
They tried to say that I was worthless  
And that my life, it had no purpose  
They want indict me with the RICO  
They say they caught me talkin' kilos  
Me and my people off the east coast'll  
Beat the game like a cheat code  
Money never on vacation, my corner never vacant  
Got what it takes to make it, I don't make it I'ma take it  
I was local, I was nation, I went global, they start hatin'  
I come from the end of somethin' so I spend more than I'm makin' I got some bad bitches in my section  
A dozen bottles comin' my direction  
Smoke presidential like I got elected  
Young nigga ball so hard I got ejected  
I got some bad bitches in my section  
A dozen bottles comin' my direction  
Smoke presidential like I got elected  
Young nigga ball so hard I got ejected I got some bad bitches in my section  
They say I ball so hard I got ejected  
Young nigga ball so hard I got ejected
