

# Pop That Bottle

Jana Kramer

Who says we can't  
Throw down, hit the town, stay out all night  
Oh yeah, watch out  
Let's give 'em all something, something to talk about  
Come on, come on, live it up now  
Pa-pa-pop that bottle Are you ready yeah, you ready for what I got  
Let's get this good time crankin' up real hot  
Gettin' wild country style, full throttle  
Pop-pop-pop that bottle  
Are you with me, come on baby, get with me  
Nothin' wrong with gettin' little tipsy  
Turn it up, come on full throttle  
Pop-pop-pop that bottle Ain't no last calls  
In this life, this ride's gonna roll with us forever  
Take a sip, lean in, get close, real close  
We gonna taste it together  
Come on, come on, live it up now  
Pa-pa-pop that bottle Are you ready yeah, you ready for what I got  
Let's get this good time crankin' up real hot  
Gettin' wild country style, full throttle  
Pop-pop-pop that bottle  
Are you with me, come on baby, get with me  
Nothin' wrong with gettin' little tipsy  
Turn it up, come on full throttle  
Pop-pop-pop that bottle Come on, come on, live it up now  
Pa-pa-pop that bottle  
Come on, come on, live it up now  
Pa-pa-pop that bottle  
Pop-pop-pop that bottle, oh  
Pop-pop-pop that bottle Are you ready yeah, you ready for what I got  
Let's get this good time crankin' up real hot  
Gettin' wild country style, full throttle  
Pop-pop-pop that bottle  
Are you with me, come on baby, get with me  
Nothin' wrong with gettin' little tipsy  
Turn it up, come on full throttle  
Pop-pop-pop that bottle, oh, oh, oh Pop-pop-pop that bottle  
Pop-pop-pop that bottle
