

Never Be The Same

Michelle Williams

Oh, what a lovely heady game
This ascension into fame, I feel no shame
But oh, such a longing in the soul
For something only it can hold, God only knows
And oh, as the days of yester wane
And all the melodies remain
We'll sing our song again
Even if you don't remember my name
All the same, yes, "Que sera, sera", they say
Hey, I'm just glad we had this day
And I know I'll never be the same
I'll never be the same
And oh, what a lovely crazy game
Juggling fortune with the fame, but still
I'm glad you came
You know we're really not that far apart
That is if I do my job, then in your heart
Are all, all of the things I will try to say
As you allow me room on your stage
And we sing our song again
Even if you don't remember my name, well
All the same, "Que sera, sera", as they say
Hey, I'm just glad we had this day
'Cause I know I'll never be the same
I'll never be the same
And oh, as our memories we reclaim
And all the blessed songs that we once learned to sing
We'll sing our song again
Even if they don't remember my name
Well, all the same, all the same, "Que sera, sera", as they say
God knows I'm glad we had this day
'Cause I know I'll never be the same
I'll never be the same
I'll never be the same, oh
It's only been three long days
I'll never, ever, ever, ever, ever, ever be the same
No, I'll never be the same, oh
