Advisory - the following lyrics contain explicit language:

Uh, it's so scandalous  
(Scandalous)  
Uh, it's really get scandalous  
(Scandalous)  
Uh, scandalous  
(Scandalous)  
Uh, scandalous  
(Scandalous) Yeah, don't allow no speaks  
We play for keeps among these darkened streets  
No peace, half of them fools  
I went to school with are deceased Sad, especially when your rag don't come from much  
I'm doin' bad, but they call me playboy  
Partner came through in the clutch  
Reached out and touched And I want the Chips Ahoy without the milk and honey  
I ain't no punkish fool, steady missin' money  
Steady missin' fetti, Eddie steady missin' shrill  
I'm tryin' to make enough allowance to pay my water bill Growin' up wasn't that cool to me  
I didn't have that many friends just enemies  
Until I quit school and started slangin' dope  
Came up and wanted a lil' mo' Mo' mail, clientele yo that sells  
Humongous clout, tryin' hard not to fail  
Boss ballin' feelin' my way this mo' each day  
Out smartin' fools tryin' to have it my way Well, how can a cutie come so so tight  
Everybody and they mama got a gat so don't nobody be wantin' to fight  
Haters be out there bad tryin' to impress their foes  
Pimps turn em' out and then they grow up to be sad-a-pus Gotta keep a child because I'm tryin' to get paid  
Yeah, gotta shake these city slickers outta my way  
But now mother's day I didn't like a hold on, amen  
Stay strong, through it all, do it all 'cause folks is straight scandalous Scandalous, shit is gettin' scandalous  
Scandalous, it's really gettin' scandalous  
Scandalous, scandalous, scandalous, yeah  
Scandalous, gettin' scandalous, yeah I'm off in this game, runnin' thangs tryin' to get it

I do what I do but I'm true when I spit it  
Talk about the time when the grind did me bad  
Broke in my pad, took everything I had Left me with the fo' maybe I can trade her in  
Rent's due and all I got is a fen  
Knots in my stomach can't understand this  
Fools in the town becomin' scandalous I know some things that'll stun ya, make ya wonder  
I seen the scandalous use to cheer the social security number  
I seen fiends make pipes outta ink pens  
Commit incest throw they body at they own kids Playas become haters, if they ain't doin' it now they doin' it  
later  
Oh, you ain't heard man this here's startin' to be contagious  
Can't be sittin' in the cabinet collectin' dust  
Plus, man this life is so scandalous Scandalous, scandalous, scandalous  
Scandalous, really gettin' scandalous  
Scandalous, scandalous, scandalous I remember sittin' in the pen  
On the pool table hopin' that I win  
Ten packs of some noodles, coffee, and some cigarettes  
Tryin' to get penitentiary on the ridge But it seems fools don't wanna pay  
My source of income depends on day to day  
Nobody on the streets care for me  
No packages or no messages Scandocious, keep my focus would ya feel me  
Got me thinkin' people close to me tryin' to kill me  
That's why I ride with this hill side beamer  
Bust ueys and only smoke with the lueys The other day they was plottin' on my homie Dre  
Tried to slip him a mickey in his Bombay  
But now we knowin' not to fall for the oakey-doakey  
It's all bye-bye when it smokes I was left in the dark scene had to run  
Did what I had to do, kept my game tight and never wonderin'  
Credit card scandals, boostin' falsified checks  
Takin' chances, scandalous You know times are so scandalous  
What should we do, just keep on movin'  
Close your eyes, have that flow  
Could it be your face I see up in these scandalous dreams Scandalous, really gettin' scandalous, yeah  
Scandalous, scandalous, scandalous  
Scandalous, really gettin' scandalous  
Scandalous, scandalous, scandalous Don't nobody love  
Don't nobody love  
Don't nobody love  
Scandalous, scandalous, scandalous, ooh yeah  
Don't nobody love  
Scandalous
