

# Messy

## DexX

So I thought I'd get a little messy  
One day before it gets too heavy  
So I thought I'd get a little messy  
One day before it gets too heavy  
See, ya make my folks grumpy

The sweetest thing, ya make my socks go ding

Me, I like the road bumpy

The sweetest thing, you make my hips go swing

Oh, I do do, love it baby, my hearts loud

Yeah, I'm too, too bloody lazy to start now

So I thought I'd get a little messy

One day before it gets too heavy

So I thought I'd get a little messy

One day before it gets too heavy

1, 2, 3, you know you gotta stick with me

Oh and 4, 5, 6, you know you gotta get your kicks

And 1, 2, 3, you know you gotta stick with me

Yeah 4, 5, 6, you know you gotta get your kicks

Oh I do do, love it baby, my hearts loud

Oh, I'm too, too bloody lazy to start now

So I thought I'd get a little messy

One day before it gets to heavy

So I thought I'd get a little messy

So I'll let loose and get things heavy

Freeze, drop to your knees

You gotta roll, take control

Freeze, drop to you knees

You gotta roll, take control
