Rocks

OZMA

I've been looking for a way
To find a way to find u
Turning over every unturned stone
I thought everyone was late
But i got sick well I got scared
'Cus I'm sure you've been long alone
whoa ohhhh ohhh oh oh
whoa ohhhh ohhh oh oh
I've been trying to find a way
To finally up and find you
Finding every boulder in my way
To throw me off your trail
You move to Boulder, COlorado
A hop, a skip, and one long jump away
whoa ohhhh ohhh oh oh
whoa ohhhh ohhh oh oh
whoa ohhhh ohhh oh oh
whoa ohhhh ohhh oh oh
I've finally found a way to find
A way to finally find you
Down where Colorado Street meets Hill
Pick a rock and throw it way across the Rocky Mountains
And pray to God it hits your window sill
I will never skip a rock
I will never skip a rock
I will never skip a rock again
I will never skip a rock
I will never skip a rock
I will never skip a rock again
