

# Skinny Legs

Lyle Lovett

See that boy with that guitar  
He got skinny legs like I always wanted  
A girlfriend in his car  
'Cause he's got skinny legs like I always wanted  
Sister look at me again  
You'd love me if I were as skinny as him And see that boy with that guitar  
He got a shirt and tie like I always wanted  
A girlfriend in his car  
'Cause he's got a shirt and tie like I always wanted  
Sister look at me again  
You'd love me if I were a dresser like him And see that boy with that guitar  
He got a blue Toyota like I always wanted  
A Japanese girl in his car  
It's a blue Toyota like I always wanted  
Sister look at me again  
You'd love me if I were a driver like him And see that boy with that guitar  
He got a baby face like I always wanted  
A girlfriend in his car  
'Cause he's got a baby face like I always wanted  
Sister look at me again  
You'd love me if I were a looker like him And see that boy with that guitar  
He got a little round like I always wanted  
A girlfriend in his car  
'Cause he's got a little round like I always wanted  
Sister look at me again  
You'd love me if I had a like him  
You'd love me if that my rear end But legs they come  
And faces go  
Just like old Toyotas  
That Jap girl dumped my ass  
And stole my clothes  
She took my car  
And left me singing See that boy with that guitar  
He got skinny legs  
Like I always wanted  
A girlfriend in his car 'cause  
He's got skinny legs  
Like I always wanted  
Skinny legs like I always wanted
