

Back a Bit... Stop

Cinerama

Every single thing about my so-called life was boring until you exploded into my world
And I can say, without a doubt, the liaison we're exploring has seen a whole new side of me being unfurled
Of course I'd love to fall head over heels for you but there's the question of your lovely fiancÃ©
And I won't be swayed at all by any arguments that you put because I've told myself we can't go on this way
So get back a bit, get back a bit, get back a bit

Back a bit... now stop
Since you've begun to show what kind of person you are I think I might have had an epiphany
That's why I need to go and this may sound a little bizarre, but I'm going before you do the same to me
So get back a bit, get back a bit, get back a bit

Back a bit... now stop

How does a girl like you get to be a girl like you?
