Temptation and I

The Gun Club

Temptation & I
Temptation & I
money lost in back of the car
memory brings light
temptation & Iso, hold on, hold on, hold on,
open the skyTemptation & I
empty bedroom at night
alone as the dawn's iron gates
in the workhouse light
eyes in the firelightso, hold on, hold on, hold on,
open the skyWhen dawn comes
the morning bleeds
they drink to sleep
so are the shouts
that call you
that want you to play againTemptation & I
Temptation & I
comes the morning
whistles the sign
that brings on the light
memory brings lightso, hold on, hold on, hold on,
open the sky
