Musical Morphine

Michael Barber

Hook 2x
Itâ€™s a musical pain killer pain killer for the soul
This is for the sins Jesus died for at 33 years old
Itâ€™s a lot of mixed emotion these dilaudidâ€™s are so potent
Itâ€™s a musical morphine knocking on your door fiends

Hello hip hop, itâ€™s nice to greet ya
Same kids buying Lil Wayne copping Justin Bieber
See money came, and it took you over
Kids getting jiggy to Will Smith and Hova
Why this chip on my shoulder is looking like a bolder
Mad at the world fuck being anything elseâ€¦
Sad, but Iâ€™m happy that this life is mine
Shit to get my life Iâ€™d be happy to wait in line
Blunts with strict nine just to pass the days
Open a bottle, drop a shot for those passed away
Laughing away here on my last crusade
Cause if they want me they gonna get me, I live for today
So I live my life, I donâ€™t choose or pick
I donâ€™t give two shits, I know it can break like a toothpick
Iâ€™m the dopest MC not to do hits
Thatâ€™s just the addict in me, trying a few hits

Hook 2x
Itâ€™s a musical pain killer pain killer for the soul
This is for the sins Jesus died for at 33 years old
Itâ€™s a lot of mixed emotion these dilaudidâ€™s are so potent
Itâ€™s a musical morphine knocking on your door fiends

Itâ€™s a lot of mixed emotion...
...These dilaudidâ€™s are so potent
Itâ€™s a lot of mixed emotion...
...These dilaudidâ€™s are so potent

Verse 2
Pain aggression, Pain pills depression
If you donâ€™t hit the main vein itâ€™s a lesson
Sane and stressing or insane and guessing
The reason that Iâ€™m here today is a blessing
Stressing, self medication ainâ€™t helping

Hear the sounds like the fearâ€™s been found
I mean the trainâ€™s coming get my ear to the ground
Itâ€™s eery now, the lightening remarkable
All these particles seem to be spark-able
Never move vertical, profits are marginal
Open like convertible, drugs are unreverse-able
So you really think I care what you say in an article?

Hook 2x
Itâ€™s a musical pain killer pain killer for the soul
This is for the sins Jesus died for at 33 years old
Itâ€™s a lot of mixed emotion these dilaudidâ€™s are so potent
Itâ€™s a musical morphine knocking on your door fiends
