# Everybody's My Friend

## Kansas

Hello, helloSomeone calls out my name
They ask me how I've been?
So what's it like in the big time?
Will you be my friend?Have you met Mick Jagger
Ringo, George or Paul?
Do you have my number?
Will you give me a call?4 o'clock in the mornin'
I hear the telephone ring
It's the voice of a stranger sayin'
I like the way you singThey all want to know
(Do you make a lot of money?)
They all want to know
(Will you change your name?)They all want to know
(What's it like to be a rock star?)
Everybody wants to know
If they can hang aroundEverybody's my friend
Hello, hello
Everybody's my friend
Hello, helloEverybody wants to have
A little piece of the action, yeah
Everybody wants
A ticket to the showEverybody falls in love
With the main attraction
Everybody wants to know
If they can hang aroundEverybody's my friend
Hello, hello
Everybody's my friend
Hello, helloSome people say that I'm changin'
They say I'm not the same
But they don't understand me
There's so much more to fameThey all want to know
(Do you make a lot of money?)
They all want to know
(Tell them what they think of it)They all want to know
(What's it like to be a rock star?)
Everybody wants to know
If they can hang aroundEverybody's my friend
Hello, hello
Everybody's my friend

Hello, helloEverybody's my friend
Hello, hello
Everybody's my friend
Hello, hello
