Lookin' Like That

Jordan Fisher

Good lord never felt this before
She's all over my physical
Burning 103 degrees
This seems way too much for meTone down that walk
I'm getting too excited
Body like woah
Why you so tempting?Cause I want you
Don't know what's come over me
Cause I want to
Live in this fantasy
Cause I want you
Making it hard for me to breath
when you're looking like looking like looking like looking like looking like looking like looking like that
Why you gotta look like that?
Why you gotta look like that?Blue jeans hugging up on her curves
Whew she hit me right where it hurts
Tell me how could anyone resist, Baby
Home run she's so outta hereTone down that walk
I'm getting too excited
Body like woah
Why you so tempting?Cause I want you
Don't know what's come over me
Cause I want to
Live in this fantasy
Cause I want you
Making it hard for me to breath
when you're looking like looking like looking like looking like looking like looking like looking like that
Why you gotta look like that?
Why you gotta look like that?Girl you got me going crazy
Don't know if my body can take it
Girl you got me going crazy
Don't know if my body can take itCause I want you
Don't know what's come over me
Cause I want to
Live in this fantasy
Cause I want you
Making it hard for me to breath
when you're looking like looking like looking like looking like looking like looking like looking like thatCause I want you

Don't know what's come over me
Cause I want to
Live in this fantasy
Cause I want you
Making it hard for me to breath
when you're looking like looking like looking like looking like looking like looking like looking like thatYeah
