Tornadoland

Regina Spektor

It's so much easier than you think, you try so hard
And every time you get it wrong, you get it right
You get it wrong but you get it right
You get it rightThe mind runs fast
Your thoughts are louder than your words
And every time you turn around
It starts to hurt, hurt, it starts to hurt
But you wanna be heard, wanna be heard, wanna beLouder than the storms around
You hear them through the windows and the doors
Everybody's time has come
It's everybody's moment, except yoursBefore the light goes out
Why don't you close your eyes
And all the monsters in your mind just wanna be nice
They wanna be kind, they wanna play nice, they wanna beSofter than the storms around
You feel them through the windows and the doors
Everybody's time has come
It's everybody's moment, except yoursEverybody moment, everybody moment
Everybody moment except yours, 'cept yours
Everybody moment, everybody moment
Everybody moment, except yours, 'cept yours
