

Inherited

Stone Sour

Yeah! I'm a little secret (sacred?)
Water, pride and joy
Still I felt it lingering
I knew I didn't have a choice
I watched his sweet destruction
He loved his ill consumption
He got what he deserved but
The motherfucker fell today (??) And it was given to me now people, Yeah man
And I am my father's son
And I don't think I like this inheritance
Can't be hereditary
Now my man's gone despairin' (gotta spare it??)
And I think I'm gonna lose my mind
I'm warning you Woah, It was given to me now
Woah, Given to me
Woah, It was given to me now
Woah
And I don't think I like this inheritance Now I'm known as sacred (not as sacred? not his secret?)
Nothing beats denial
I can feel it festering
I think I'll let it grow a while
I love my sweet destruction
I live for ill consumption
I'll get what I deserve cause
The motherfucker (fell today??) And it was given to me now people, Yeah man
I am my father's son
And I don't think I like this inheritance This wasn't supposed to happen
And I still don't know what happened
And i see it happening to you
I thought I warned you Woah, It was given to me now
Woah, Given to me
Woah, It was given to me now
Woah
And I don't think I like this inheritance Give it to me! Woah, It was given to me now
Woah, Given to me
Woah, It was given to me now
Woah, Yeah
And i don't think i like this inheritance!!!
