

Body Language

Kaci Brown

I don't speak Portuguese, Chinese
Vietnamese, Arabian, Bulgarian
Italian, French or German
But I know what you mean
Yeah, I know what you mean Eyes lock, buns move
Jelly's jumping, one two
My way, your way
I like the way you do it, boy
You know what I need
Yeah, you know what I need Talk to me with your body language
Move with me, rock me if you can
Baby, tell me all your secrets from A to Z
Let me see you dance Talk to me with your body language
Move with me, I'll show you who I am
Baby, I'm gonna leave you breathless
Talk to me, let me see you dance Crooked letter T O
Humpback what's that?
Bet I got'cha wonderin'
How I shake my feather that fast
Follow me, baby, follow me Take you to a corner
I'm Dora the Explorer
You can be my monkey boots
Let me teach you something new
You won't forget, no you won't forget Talk to me with your body language
Move with me, rock me if you can
Baby, tell me all your secrets from A to Z
Let me see you dance Talk to me with your body language
Move with me, I'll show you who I am
Baby, I'm gonna leave you breathless
Talk to me, let me see you dance Talk to me with your body language
Move with me, rock me if you can
Baby, tell me all your secrets from A to Z
Let me see you dance Talk to me with your body language
Move with me, I'll show you who I am
Baby, I'm gonna leave you breathless
Talk to me, let me see you dance
