# Silhouettes

## Chasing Addiction

These lungs fill up with smoke
This house is burning from the lies you wrote
Casting reflections on the wall
Can you even feel my pain at all

[Chorus]
I can't sleep
My body's on repeat (This silhouette bleeds)
Your heart is filled with gasoline (Is this just another dream)
(x2)

I found the matches in your coat
These words are burning from my throat
I can't take this anymore
Just take your shit, walk out the door

[Chorus x2]

I found the matches in your coat
These words are burning from my throat
I can't take this anymore

[Chorus x2]

I can't take this pain anymore

I can't sleep
My body's on repeat
This silhouette bleeds
This silhouette bleeds

[Chorus x2]

I can't sleep
My body's on repeat
