

# She's a Mover (Alternate Version)

## Big Star

She don't believe anything  
She can dance, oh, now all night  
So wild, she's a mover  
She's so wild Draggin' fast we go  
Ooh, I dig speed so good  
Destroy her in the cruiser  
It destroy her She name was Marsha  
Marsha the name  
She look like a dove now  
And when she smile like crocodile She tells the man "go to hell"  
And where that's at is where I'm coming from  
So wild, ooh she's a mover She the devil you know  
She finds herself in catholic school  
She's wild Don't you know she so wild She name was Marsha  
Marsha the name  
She look like a dove now  
And when she smile like crocodile She's so wild  
She's so wild  
Ooh, she's a mover  
Don't you know she wild  
She's so wild, ow  
Ooh-oooh  
She's so wild  
She's so wild
