Hey You!

M.B. Padfield

I know you flex when I walk by
I see you try to catch my eye
and I see you making stupid jokes to make me laugh
And you think that I don't see it too, but do I look blind to you?
But neither one of us will admit its trueHey you! I think You're cute!
I think there could be a me and you!
Hey You! I think you're sweet,
and you look just like my missing puzzle pieceAnd I think its cute the way you stare, when I twirl my hair and the way you think youre being smooth when you talk
I might smile then, but in all honesty,
I want to turn around and laugh at you hystericallyHey you! I think You're cute!
I think there could be a me and you!
Hey You! I think you're sweet,
and you look just like my missing puzzle pieceAnd I'm waiting for that cheesy pick-up line
Can I have your number, It seems like I've lost mine
and Do you come here often, or what's your sign and
You must be tired
From running through my mi-i-i-i-indHey you! I think You're cute!
I think there could be a me and you!
Hey You! I think you're sweet,
and you look just like my missing puzzle piece
Hey You! I think you're *fineeee*
And it wouldn't be so bad to call you mine
Hey You! Just want to say,
All you have to do is just say Hey
