Universe

DGM

You always were the brightest girl in class,
And always looked immaculate.
And no one would even had to ask,
If we were more than friends.
You were my everything now,
When I said I put that ring on.
When I write songs and sing for, yeah.And I, I won't forget those days.
And all the seasons change,
One thing Will still remain.
Oh, you know it's true.You're just as beautiful to me, baby.
You're still my universe lady, oh.
And you can ask me 1000 times it doesn't change.
You're still the universe to me
Na na na na na na na
Na na na na na na na
You are.I ain't gonna lie and say I don't, float Occasionally.
And every now and then we might flip out,
But ain't love supposed to be, imperfect,
But worth it and god knows,
we've earned it.
You're pretty much all I know.And I, I won't forget those days
And all the seasons change,
one thing will still remain.
Oh, you should know it's true.You're just as beautiful to me, baby.
You're still my universe lady, oh.
And you can ask me 1000 times it doesn't change.
You're still the universe to me.
Na na na na na na na
Na na na na na na naAnd I might forget to watch the sky, at night.
That don't mean those stars don't shine, bright.
You should know that I still see the things in you,
That I found you before, when our love was still brand new.You're just as beautiful to me, baby.
You're still my universe lady, oh.
And you can ask me 1000 times it doesn't change
You're still the universe to me
Na na na na na na na
Na na na na na na na
You are
