This Heart Of Mine

The Wailin' Jennys

mmm mmmm mmmm mmmm
mmm mmm mmm
under it all
this heart of mine
is ready to fall
for you anytime
I could be all you needed
Cant you see this
And i'll be patiently waiting
for you love isn't fading
Take this heart of mine
whooo whoooo
Everytime I look in your eyes
Cant control my heart - Im so high
I should be ok but Im just
sooo afraid of this heart of mine
Im blind
Following love down the line...I
Can't explain but dont mind.
This heart of mine
This heart of mine
So if its alright
I'm gonna sing to you
Into the night
Like you want me too
It could be all we needed

I believe it
I wanted - more then just alright
Shakin under ur streetlight
I am right outside so come -
Come on out here
Everytime I look in your eyes
Cant control my heart - Im so high
I should be ok but Im just
sooo afraid of this heart of mine
Im blind
Following love down the line...I
Can't explain but dont you mind.

Dont you mind.
oooo
This heart of mine
ooo ooo ooo
Fall on me
Like I fall on you
Like I want you too.
Everytime I look in your eyes
Cant control my heart - Im so high
I should be ok so why am I
