

Nobody Cares

John Mayall

Well, nobody loves me, baby
 Nobody seems to care
Well, nobody loves me, babe
 Nobody seems to care
Well, ever since my mother passed
 Nothing but misery everywhere

Well, I ain't got no money, baby
 And my best friends have put me down
Hallelujah, I said I ain't got no money, baby
And my best friends have put me down, oh Lord
 Well, all of my good-time buddies
 Don't even come around

Well, if you listen to me, baby
 Maybe I could find a new life in you
Well, if you listen to me, baby child
 Maybe I could find a new life in you
Well, if you'll be mine forever, baby
 Child, I never can be blue
