

# Pussy Power

## Iggy Pop

An evil shadow across my brain  
A certain burning that makes me insane  
She's on my beam, oh no, she's in my room  
She's all around me now and I'm a tool  
Pussy power  
Pussy power  
Pussy power  
She wears a raincoat in the sun all day  
She says she wants to have some fun, well, hey  
She calls me over on the sidewalk  
She's got a joint, she's got a cute walk  
Pussy power  
Pussy power  
Pussy power  
Pussy power, hour by hour  
Pussy power, oh, what a flower  
I want to hold her close to me  
'Cause pussy power's pulling me  
Down  
Down  
Down  
When it's there and I can't have it  
I get real real rabid  
I've got to figure out a way  
I'm so pent-up, like this I can't stay  
I've got to look this in the eye  
I'm much too crazed, I'm much too shy  
But all in all, at least I am I  
Oh my, oh my, oh my, oh my  
Pussy power  
Pussy power  
Pussy power
