Out Of Time

Divinyls

We're out of time
Things don't work the way they should
These words that rhyme
Don't say things good
Out of touch
Words dont' always mean that much
Out of reach loves out of time
But something's wrong
We're out of reach
Nothing left for us to teach
These golden words
That stay unsaid
On the road danger lurks at every curve
We've hit the street
Love's out of time
Which leads to the questions
Which least to the answers
Which leads to the problems in our timeIt's a no win situation (8 times)Loves was so divine
Has now gone out of time
Love was so divine
Has now gone out of time
Which least to the answers
Which leads to the problems in our time
In our time
In our time
In our time
Aa-hoo
Aa-hoo
Da da da da
Da da da da
