Bottom Line

Swollen Members

Bounce, c'mon, bounce, c'mon

Bounce, c'mon, bounce, c'mon

Bounce, c'mon, bounce, c'mon

Bounce, c'mon, bounce, c'monRock, we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt yaRock, we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt yaI rock heavy like a 70's icon

Led Zeppelin Stairway to Heaven, my mind's gone

Even though I only did acid twice

My rap's a vice, your head's in it ask the priceFor you to be released and me to be happy

With all of your suffering I'm brutally crafty

Coming up with the best selections

To get inside of you like I'm a chest infection Your best protection is to get down and drown

Remember that the members don't clown around

I'm found downtown with rolls of cash

My passion is smashing you disposable cats, I'm old fashionedWith swift abilities to lift and drop

And ambulant skill plus whip and chop

I dump on a chump and punk ya assoc ass

I'm done with rap, now I'm prepared to cash inRock we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt yaRock we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt yaAyo, I'm kick ass thick as a brick you bitch ass

Quick on the draw I come equipped with a pick axe

Rock solid, you cock-a-holics, I'm not gon frolic any longer

'Cause my crew's much strongerDonkey Kong stomp, Pac-Man chomp

Attacking competition I'm back in my position

Pop off with the must stop opposition

You have to listen 'cause mad division of beauty and graceSee what I do to your face

Might be me, might be my friends

I might need an alibi it all depends

And I don't give a fuck if you don't like it, suck this I'm a small giant, that's trying, dying to find success

You look upset stupid fuck-head

I'm locked, stocked, and loaded the most devoted

I'm a keep bringing the pain 'til your brains explodedI'm motivated, voted and rated as one of the greatest One of the most loved and hated and still haven't made it, ya knowRock we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt yaRock we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt yaI'm addicted to speed but not the drug

I lead by example my breed can hunt

Seen enough mayhem, step into the A.M

Weapons of contention for any given occasionI attack with Battleaxe Warriors from the armory Some of us kill you mentally; some of us hurt you bodily, heavy

A miracle of modern science

With the naturally passionate carnivorous diet, heavyWe're an anomaly, not a novelty Enter at your own risk, private property

Do not trespass, beware of dogs

Bear traps, alarms, and a right to bare armsWhere laws ain't applied my jaws homicide The water ain't safe whoever said it was liedRock we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt yaRock we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt ya
