Never Too Late

Al Jarreau

Last night, you said you didn't know what you wanted
Baby that's all right, I can help you see this one through
I know you won't leave him, you think it's all wrong
Why don't you open your eyes
You're so unhappy but you keep hanging on
So trust me, baby and you'll see
It's never too late to change your mind, get out
And take what you need, it's never too late
So take your time, you just gotta believe
One day, you'll look back and think you were crazy
There's no way, that's how it gets you sometimes
Right now, you can't let him go, there's something
Inside you, I won't tell you, you should know
It's so clear, baby, I'm right here
It's never too late to change your mind, get out
And take what you need, it's never too late
So take your time, you just gotta believe
One day, you'll come running to me, it's just
A matter of time, I'm right here where you know
That I'll be, so trust me and you'll see
It's never too late to change your mind, get out
And take what you need, it's never too late
So take your time, you just gotta believe
