

# Shipwrecked

## Elephant

footsteps shuffle, ricochet on the ground  
(footsteps shuffle, ricochet on the ground)  
it's the time to the shadow, and it shows all around  
(and it shows all around)  
Its that piano, it seeps when I recollect again  
(Its that piano, it seeps when I recollect again)  
It's the woo of the women and the march of the men  
(and the march of the men)Left side my head is  
Left side my head is  
Right side my heart is  
Right side my heart is  
Left side my head is  
Left side my head is  
Right side my heart is  
Right side my heart isSo don't try, to confuse me again  
So don't try, to confuse me again  
Sleep sounds slow, sound falls out my head  
(sound falls out my head)  
What's the point of time? It dissolves in the sea  
(What's the point of time? It dissolves in the sea)  
If you sail with the tide, will you shipwreck back to me?  
(will you shipwreck back to me?)Left side my head is  
Left side my head is  
Right side my heart is  
Right side my heart is  
Left side my head is  
Left side my head is  
Right side my heart is  
Right side my heart isWill you shipwreck  
Will-- shipreck  
Will you shipwreck  
Will you shipwreckLeft side my head is  
Left side my head is  
Right side my heart is  
Right side my heart is  
Left side my head is
