Lickety Split

Dave Mckenna

When you're with me it ain't hard to see
Take a good look and you will find
My directions and my intentions
Way down south is where I will dineWe both know where we belong
Coming soon won't take too longKnown just as the girl of my dreams
She know rules all of my fantasies
She can work me all night and day
Girl just let me take off those pantiesSpeaking to me from above
A life of lust and a life of loveMusic is my girl and my girl is my music
Inspiration from the patience
of the things that they both give to me
I'll love you 'till I cannot sing this motherfuckin' song anymore
