

# Mindin' My Own Business

## Big Bill Broonzy

I'm just mindin' my own business  
Lord, and I'm leavin' other peoples alone  
Yeah, I'm just mindin' my own business  
Oh, and I'm leavin' other peoples alone Oh, because I got plenty of trouble  
Already in my home Good book proudly tell you  
You gotta reap just what you sow  
Good book proudly tell you  
You gotta reap just what you sow I declare you gotta repay, hoo, Lord  
I don't care why you go Some men spend all their money on gamblin'  
All in good time  
Yeah, some men spend all their money on gamblin'  
Baby, in good time Oh, but why should I worry  
When I do what I wanna do with mine  
It take me six months to attend to my business  
Six months to leave other peoples alone Six months to attend to my business  
Six months to leave other peoples alone  
Yeah, by the time I do that  
I declare the whole twelve months is gone
