

# Big Wheel

[Jim Croce](#)

Big wheel, don't you roll?  
Big diesel, don't you whine  
Through the night as I'm runnin' down the road? Big semi, don't you stop  
'Cause if you do I'm not gonna make it back  
To Baltimore with my load? Well, the truck stop's warm and friendly  
And the coffee keeps me up  
And the waitress there would like to waste my time But I'll have to pass it by  
As it's down the road I fly  
Just a racin' with that pocket watch of mine An' big wheel, don't you roll?  
Big diesel, don't you whine  
Through the night as I'm runnin' down the road? Big semi, don't you stop  
'Cause if you do I'm not gonna make it back  
To Baltimore with my load? Smoke a-puffin', tires a-hummin'  
Burnin' up the road  
Countin' road signs and the miles to Baltimore One eye out for weighin' stations  
One for radar traps  
They can't stop me 'cause my plans don't call for that An' big wheel, don't you roll?  
Big diesel, don't you whine  
Through the night as I'm runnin' down the road? Big semi, don't you stop  
'Cause if you do I'm not gonna make it back  
To Baltimore with my load?
